Patty Yoder : The Alphabet of Sheep before purchasing it in order to gage whether or not it would be worth my time, and all praised The Alphabet of Sheep:

1 of 1 people found the following review helpful. The Alphabet of SheepBy WeaverBirdThis is the most lovely rug hooking book I've ever seen. They photos are more like paintings, the detail superb; I use it as a 'coffee table' book since even those folks who visit may not be rug-hookers they thoroughly enjoy looking through it. So sad we have lost a talented and most artistic individual.1 of 1 people found the following review helpful. For some unknown reason I thought this book had instructions for hooking some of her patterns so I was slightly disappointed froBy Ann Peacock CravenI once had the opportunity to see up close and personal one of Patty Yoder's rugs and became an instant fan. For some unknown reason I thought this book had instructions for hooking some of her patterns so I was slightly disappointed from that perspective. Why someone does not get on the stick and republish this book and make it more affordable is a mystery.25 of 27 people found the following review helpful. Gorgeous expression of two grand

traditionsBy Anne-Marie W. LittenbergThe Alphabet of Sheep is brilliant. It combines two outstanding traditions of Americana: rug hooking, and personal story telling. Pioneer women celebrated their families, friends, and experiences through their needlework in rug hooking, embroidery, and quilting. Patty Yoder brings the tradition to an even higher level through her sheep rugs, each representing a different letter of the alphabet, and each inspired by the events that comprise Ms. Yoder's life. Couple this with her superbly artistic eye, and extraordinary technique, and you have The Alphabet of Sheep. If you asked the finest "hookers" [rug hookers] in the world to identify the best, Patty would be on everyone's list. Her work is a treasure, and an important contribution to American art and craft.
