It's inspirational, got a lot of good ideas for future projects and the instructions are fairly simple yet explicit. There are some nice, simple patterns in there too. I recommend this one for any stained glass artist. 0 of 0 people found the following review helpful. Aspiring Artist's Studio: Stained Glass By Ginny CI bought this book in hopes of learning how to create beautiful stain glass works of art. I have several pieces I have bought over a period of time. Now maybe I can make them myself!

Ornamental designs, exquisite windows, and stunning lampshades: esteemed artist Haim Raz presents nearly 30 of his favorite stained glass pieces in an enlightening on-the-page course. Every project can be completed in a home

workshop, using standard glass cutting tools and materials and throughout the collection, Raz teaches novice craftspeople how they can alter the motifs, colors, and glass to express their own personal style. He gets beginners started with advice on setting up a workspace; choosing tools and materials; and basic techniques. Start off with such easy items as a decorative bright red butterfly or three-petal coaster; as skills improve, move on to the Hanging Mirror with Nuggets, Indigo Morning Glory Windows, and Purple Lace Lampshade.
