James Arthur Tuttle : The Basic Blacksmith: From Start to Sales before purchasing it in order to gage whether or not it would be worth my time, and all praised The Basic Blacksmith: From Start to Sales:

0 of 0 people found the following review helpful. great starter guideBy Mikey BeckerJust started to teach myself blacksmithing. great starter guide.0 of 0 people found the following review helpful. Extremely basic. decent description of the tools. Not ...By JosephExtremely basic. decent description of the tools. Not much on the sales/business part part. He also references using anthracite coal, which cokes very poorly. Most sources say not to use

anthracite.0 of 0 people found the following review helpful. An Excellent GuideBy V. EdwardsAn excellent manual for the beginning blacksmith!!!

Revised in 2015. This is a book of projects and information for the beginner blacksmith. It has some guiding ideas for making the product and selling it to the public through demonstrations at fairs and farmer markets. From cover to cover The Basic Blacksmith book is full of pictures to help guide you.
