Tkacs This book is a must for anyone building a Bismarck model. The fold out full color poster in 1/200 scale has 2 views on front and back and is a great tool for color and finishing. The drawings in the book also simplify the many facets of the superstructure. 1 of 1 people found the following review helpful. Book review, KMS Bismarck By George Felder III This is better than most but still not enough rigging detail! 2 of 2 people found the following review helpful. Four Stars By Brian Meston Excellent and, as

far as I can tell, supremely accurate and detailed.

A fantastic volume for modellers and naval enthusiasts alike.
