Claire Crouchley : The Bearer's Bible: Over 300 Great Charts for Beadweavers (Artist/Craft Bible Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bearer's Bible: Over 300 Great Charts for Beadweavers (Artist/Craft Bible Series):

3 of 3 people found the following review helpful. Great book!By secretboxI was looking for some bead graphs and patterns and found that book. It has a lot of different graphs, different techniques and how to use them, it inspires you

to make your own patterns with those charts or your own projects. Great for any beader, not only for a beginner but for an advanced one. I liked the book and I'd definitely recommend it.0 of 0 people found the following review helpful.
ReturnedBy D. RobinsonNot what I was looking for. Not much about jewelry designs or patterns. Returned this item.0 of 0 people found the following review helpful. Five StarsBy nmartGood resource book. Lots of different charts.

This hardcover book with internal wire-o binding is 6.5in x 8in, a perfect size for readers to keep handy and reference often. The stylish design of The Beader's Bible, along with the interior photographs, illustrations and diagrams, make the learning process simple and fun for beginners and provides useful tips for more advanced readers. Beadweaving has a long history and in recent years, many new artisans have discovered the craft. With just a needle, thread, scissors, and some tiny beads, new weavers are on their way to producing beautiful pieces. With robust sections on Tools and Materials and Techniques, readers will find everything you need to get started. The main focus of this book is the pattern directory where readers will find more than 300 patterns on a wide range of subjects. These are all in a standard range of sizes for easy mixing and matching. With this book as their guide, beaders will be able to let the creativity flow and have fun!
