Memory Makers Editors : The Big Book of Scrapbook Pages: 500+ New Designs for Capturing All Your Memories before purchasing it in order to gage whether or not it would be worth my time, and all praised The Big Book of Scrapbook Pages: 500+ New Designs for Capturing All Your Memories:

2 of 2 people found the following review helpful. Great IdeasBy cljohnsI was impressed with this book. There are a lot of great ideas included in this book. Also it appeals to all skill levels. I especially liked the multi-page layouts. I tend to take too many photos and can never narrow them down as much as I should so the multi-page layouts are a great resources for new ideas. This book is so full of layout designs and ideas you can find one and make it your own! Just change the photos and mats and make the rest of the page your own design. The only con I can say is that I felt it was a

little dated in design and was hoping for more ideas to use paints, sprays, distressing, and gelatos. 1 of 1 people found the following review helpful. Low quality designs
By Malan Strbenc I'm totally sorry I spent money on this book. Now scrapbooking is relatively unknown where I live, some of more creative people have done some ornaments and comments in the photoalbums in the past and some do boring photobooks today - while most of us prefer to see good quality photos on screen anyway. On the other hand we do our own creative cards (Christmas and such) and decorated travel journals. So I figured I take the hobby further- do extra with portrait photos- and bought two books based on the review grades. The book has no guidelines, it's just the collection of end products. I find vast majority of the designs in this book cluttered, kitsch or simply colour-unbalanced. I would hate if anybody would stick photo of me into something like that. I did something I never did before with any book - I tore it apart and kept a few pages only that have ideas close to my taste.

By MrsFussyCut The book was in perfect condition! It is full of up to the minute scrapbooking trends. I spent hours marking layouts that I want to refer to when I am wanting to get out of my style rut.

Page After Page of Inspiration!
If you're feeling overwhelmed with stacks of photos, or stuck in a scrapbooking rut, look no further for answers and inspiration! The Big Book of Scrapbook Pages will help you find the creative spark, and motivate you to try exciting new things in your layouts. Inside, you'll find:
