It teaches you the basics and technicalities of everything in the Bleach World. If you are interested in knowing the specifics, it's definitely a recommended buy. It's also a good refresher of the entire Soul Society Arc since that's the main focus of coverage. If you haven't watched Bleach Anime or read the Manga in a

while and want to get back on track, it's definitely a great refresher. For die-hard bleach fans who know most everything, you won't learn anything new here. 4 of 4 people found the following review helpful. EhBy Cellmate Tefan This product is alright if you're familiar with Bleach and want to refresh yourself on the things that happened. But c'mon.. have the authors ever heard of SPELL CHECK!? I mean, at least spell the characters names right. There are also a few things that are off, but pretty much everything is there. Good for the big bleach fans refreshing themselves without having to read through the whole series again.

Ichigo Kurosaki never asked for the ability to see ghosts: he was born with the gift. When his family is attacked by a Hollow a malevolent lost soul Ichigo becomes a Soul Reaper, dedicating his life to protecting the innocent and helping the tortured spirits themselves find peace. Considered by most to be the next big thing in anime and manga, Bleach is taking the pop culture world by storm. Having premiered on Cartoon Network in September 06, a slew of merchandise is set to hit the market in Spring. Fans can learn all there is to know about this intriguing series.
