Janet Kime : The Cat's Meow: Purr-Fect Quilts for Cat Lovers before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cat's Meow: Purr-Fect Quilts for Cat Lovers:

But this is a coffee table quilting design book.By Esther SchindlerI'm sure that you have a few cookbooks in your collection that you enjoy, but for some reason you never do get around to cooking from them. Maybe the ingredients are hard to get, or you have a simpler recipe in another cookbook. There's nothing wrong with those cookbooks; they're fun, pretty, inspirational. It's just a reading-cookbook rather than a regular instruction book.To my surprise, that's how I feel about Cat's Meow: Purr-fect Quilts for Cat Lovers. As a devoted cat person, and an enthusiastic (if not anywhere near expert) quilter, I had hoped to find several quilts that would let me indulge in more than one of my passions. However, every time I flip through the pages of this book... well, I end up cooking something else for dinner, so to speak.I'm not completely sure why;

perhaps it's because the designs expect you to use a lot of scraps (I'm not a scrap quilter), or they're just an eensy bit too cutesy. It might also be that, to my mild surprise, none of the designs are suited to use all the kitty fabrics that I've been collecting. Probably, the main reason that I haven't felt compelled to use any of these designs is that the instructions aren't completely clear; it doesn't give me a sense of confidence that this will come together sensibly. I don't dislike the book; it deserves its 4 stars, and I've no intention of giving it away. On the other hand, I'm not worrying that I'll wear out the book's binding. 0 of 0 people found the following review helpful. loved it! :D By Rose Wilsoni actually bought this many yrs ago when i was thinking of starting to learn how to quilt .. and i finally picked out the machine i wanted to have but bc of my husband's passing, i havent started to sew yet .. but to be quite honest .. there are several projects i want to do bc of this book .. i gave it 5 stars bc i am a big cat fan (i love all animals but i favor cats) .. and i just love so many of the ideas from this book .. if u r an animal lover, and want to make something special with a cat on it .. this book is for u .. 0 of 0 people found the following review helpful.
