Alexander Weygers : The Complete Modern Blacksmith before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Modern Blacksmith:

0 of 0 people found the following review helpful. Five Stars By GMB Given as gift--recipient was very pleased with book
0 of 0 people found the following review helpful. Four Stars By john s. eaton II good basics for the beginner, good review
0 of 0 people found the following review helpful. Four Stars By Ed Snyder good

Teach yourself the lost arts of blacksmithing, tool design, and tool repair. Design, forge, and fix your own tools, hardware, and household accessories with master craftsman and teacher Alexander G. Weygers. The Complete

Modern Blacksmith contains clear, step-by-step instructions and hundreds of the authors own detailed drawings, bringing scores of time-honored techniques to modern artisans experienced craftsmen and beginners alike. This unique resource brings together three popular but long-out-of-print classics: The Modern Blacksmith, which covers everything from developing the correct hammer and body motions for forging and creating tools such as pliers, shovels, and hinges. The Recycling, Use, and Repair of Tools, which stresses the reuse of old materials, featuring easy-to-follow processes. The Making of Tools, which explores how to design, sharpen, and temper whichever tool you need, using only basic shop equipment and scrap steel. A truly invaluable resource, The Complete Modern Blacksmith is an essential volume in any craftman's library.
