3 of 3 people found the following review helpful. Super fun and funky! By Lisa Fulmer I really got a kick out of the projects in this book, completely different from what you see everywhere else. One of my favorites is the "barb wire" booby trap box for wrapping a gift, brilliant! I also really loved the idea of using glitter and Mod Podge on colored plastic sheets to cut into mosaic tiles. The fake button spill is really fun too, a great idea for a paper weight. Oh and the felt venus flytrap is super cute! I don't have kids, but these projects look like they'd be really fun family weekend activities. 5 of 5 people found the following review helpful. Glittery Goodness By Candace Jedrowicz This craft book is bursting with ridiculously fun and clever ideas! Who wouldn't want to make Felt Cactus Friends! And the Booby Trap Gifts section is hilarious! 0 of 2 people found the following review helpful. but this was a horrible craft book By Pamela A Foster I am not a review writer, but this was a horrible craft book! I would not recommend this to anyone. There was nothing clever in this book.
