most coloring media on it, however, you will need blotter pages if using markers, to protect against bleed through to the next page. I also recommend copying to heavier weight paper if using watercolors, to prevent paper buckling/wrinkling. Line quality is crisp and clean. Nice balance of open spaces and detail. Those with vision or dexterity issues, shouldn't have any difficulty coloring these. This book is good for all skill levels. Available on and her Etsy store. Links in book.
