

4 of 4 people found the following review helpful. Curious and thought provoking  
By KidFlash  
I enjoyed the different essays in this book, concerning the fictional comic book character of Daredevil. Or rather, Matt Murdock. I am a writer myself. Reading this book was educational and part of my research. My compliments to Editor, Ryan K. Lindsay, in his choices of contributing writers, and on his essays. Particularly, "Blind Dates and Broken Hearts: The Tragic Loves of Matt Murdock". Thank you.

I'm not good at writing reviews, so simply put...it's a bunch of essays by Daredevil fans that are all interesting, covering a big range of topics within the world of Matt Murdock. Very recommended.

Absolutely fascinating! A great resource!

For half a century, Daredevil has been an outsider and a paradox, a loner, a down-to-earth super-hero, a blind man with super-powers, and the star of some of Marvel's most celebrated stories. *The Devil in the Details* examines both Daredevil and his alter ego, Matt Murdock, from a variety of critical perspectives. Whether its explorations of Daredevil's troubled history with love, his relationship to Foggy Nelson or Spider-Man, or new takes on his classic runs, this is one book no Daredevil fan or scholar should be without.
