Actually I did that so i could cut the patterns out and then enlarge them or whatever. Antique doll dress patterns are very expensive so that is why I love this book. From the simple to the elaborate and everything in between. You won't believe the patterns and information about dressing dolls that is in this book. I give this book more than 5 stars. It is really a great buy.0 of 0 people found the following review helpful. Fun Book to Make Doll Dresses for Grand KidsBy HBCGoing back in time to when I was a kid; relatives and friends made clothes for my doll babies. Now I'm a quilter who now delights in making doll clothes for my Grand-kids, and they love dressing their dolls. This book has many patterns and ideas to help me along. Hard to find but worth the money.0 of 0 people found the following review helpful. Four StarsBy Sherry Statona good selection of patterns and inspirations.
