**Thomas Berger, Petra Berger : The Easter Craft Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Easter Craft Book:

I actually made the dove mobile for Pentecost, but made the doves from card stock, rather than turning it into a sewing project. Lots of cool ways to decorate Easter eggs. 1 of 2 people found the following review helpful. Good craft book By Melissa and Trevor I like this Easter craft book it has a lot of great ideas and some new easter ideas I hadn't thought of. My only problem is where do you get craft straw? I'm assuming they don't just mean the stuff that comes in bales for animal bedding. Anyways some really interesting ideas for decorating easter eggs with kids and some other egg and christian related crafts.

The authors show how to make Easter figures and decorations of dough, wool, felt or tissue paper, different ways of decorating eggs, making egg cosies and puppets, and creating a festive table. A beautiful, fully illustrated book.
