Also, the crafts are either just plain silly little things or they require things you are not going to have so you are constantly needing different little things for every craft example: half gal milk carton, white fabric such as table cloth, potting soil, large nails, switchplate cover, sandpaper.....just to name a few odd things. The crafts were just disappointing to me compared to the price you pay for the book AND the most disappointing was not having a Bible lesson with each craft!!9 of 9 people found the following review helpful. Just what I was looking forBy V. C. HortonThis book is awesome for Sunday school and/or VBS. The index is separated in two parts: books of the Bible and by grade levels. Each lesson lists the topic with scripture, what kids will do, what is needed, step-by-step how-to instructions, templates, if needed, ending with tying it

all together (scripture and craft). Love it 7 of 7 people found the following review helpful. Great Craft Ideas By Dawne Long If you need biblical craft ideas, this is your book for them.
