Alfred Davy : The Gilly: A Flyfisherman's Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gilly: A Flyfisherman's Guide:

From author's Foreword - I have taught fly fishing, casting and fly tying for the past fifteen years and have come to realize it is a sport which very few master completely. It is hoped that along with some lessons on how to fly fish, this book will give the reader the essence of why to fly fish, to reach a level of fishing that is in harmony with nature for our enjoyment now and for generations to come.
