Nonesuch Press : The Great American Christmas Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Great American Christmas Book:

4 of 5 people found the following review helpful. The perfect stocking stufferBy Carol MadsenJust wonderful. A charming beautiful book that will fit perfectly in a stocking, with ideas that are both old and charming and as relevant today as they ever were- I bought five more after receiving my first order and plan to give them to all of my grandchildren. The illustrations are wonderful.

From the folks who brought readers The Weekend Book comes this playful look at the Christmas holiday. This collection covers everything wintertime, from customs to colloquialisms, from snowy games to homemade gifts.
