Alison Jenkins : The Handmade Candle Book (Handmade Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Handmade Candle Book (Handmade Series):

0 of 0 people found the following review helpful. Five StarsBy DMWSuch a pretty book. I use it a lot.0 of 0 people found the following review helpful. Probably one of the best book on paper makingBy robert eckelkampProbably one of the best book on paper making. The illustrations are superb, the how-to instructions are clear and concise and the layout is professional. Well worth the money. If you are interested in making handmade paper this is the book for you.7 of 7 people found the following review helpful. I adore itBy Tatiana ZakharovaI knew nothing about papermaking, but after reading this book I felt inspired to make my own handmade paper. Perhaps the most thing I like is that I won't need any special devices to make wonderful handmade paper sheets, everything is available within a reach. This book is full of inspiring projects and photographs, it tells us how to recycle paper and how to make paper from.. vegetables! I never thought this is possible.I really like this book.

From tools to wicks and types of wax, heres all the information youll need to make original candles in a range of colors, shapes, and textures. More than 20 unique projects offer something for every taste, from simple Green Apple

candles with the wick as a stem to a distinctive and artistic Rothko-esque rectangle with muted layers of color. No matter what your skill level, you'll be able to fill your home with candlelight as you enjoy an inspirational new craft.

From the Back Cover Making beautiful paper is easy, inexpensive, and environmentally friendly. With *The Handmade Paper Book* you'll learn how to create more than 20 exquisite paper projects with a minimum of fuss and equipment. Lavish photography and simple, easy-to-follow recipes will inspire you to start right away. -- Create unique and stylish personal stationery -- Add texture and color using natural materials like banana, silk, flowers, and feathers -- Produce classic writing paper, textured gift wrap, and laid fiber paper -- Master specialty papermaking techniques like embossing, watermarks, and fruit and vegetable papyrus
