**Judy Spours : The House in Bloom: Decorating with Floral Themes** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The House in Bloom: Decorating with Floral Themes*:

7 of 9 people found the following review helpful. Enchanting book filled with floral themes for the home. By tallahassee This book is beautifully presented and allows the reader to journey through an indoor garden without the maintenance and care of living plants. There's useful information on china patterns that feature floral motifs and large photographs of colorful interiors utilizing various wall coverings. 15 of 17 people found the following review helpful. what happened By Annette Sonnenberg I have every Victoria book ever published and this is the only one I did not like. Where were the flowers. I have a passion for anything with flowers on it, especially roses on fabric. I ordered this as part of an introductory offer to a book club and boy was I disappointed. There were hardly any flowers in the book. If you like the rest of Victoria's book you will not like this one. It was almost as if it were published by someone else.

Nature and decor become one with traditional floral chintz and silverware hammered into fruit and vegetable shapes.

Delphinium blue, lemon yellow, lavender, and rich earth tones can inspire a truly organic decorating scheme. Three-dimensional textiles have insect and leaf patterns trapped in their weave. Its a celebration of outdoor shapes and forms.
