This book is hardbound and the newer one is paperback. I chose the more durable older edition for a fraction of the cost0 of 0 people found the following review helpful. The Knitter's HandbookBy CYLWhen my book arrived I was really really happy. It is better than described [I SAY NEW] and it arrived b4 estimated delivery date. I have several of Eleanor Van Zandt's books. They all deliver! She has very good direction of the techniques in her books and the pictures are big enough to match your sample with hers to see if you're sampe look alike. I just love ALL her books. I'm sorry to be vague but I'm anxious to get into my book and get started with some of her techniques and stitches. Thank You SandDollarSales Eleanor Van Zandt :SMILES(: 5 Stars for both of you.0 of 0 people found the following review helpful. Comprehensive knitting referenceBy Mrs. J. A. HillThis is the 2nd copy I have bought. I bought this one for my daughter who is starting her knitting carreer and needed a comprehensive reference to guide her way. It is suitable for

beginners through to more experienced knitters, giving clear diagrams of techniques and a broad range of stitch variations. A good addition to the knitter's library.

Whether you are new to knitting and want to learn the basics or an experienced knitter who wants to try complex patterns, *The Knitter's Handbook* will guide you through more than 90 stitches and techniques. Featuring a comprehensive guide to yarns and patterns, clear and easy-to-follow instructions and 250 step-by-step illustrations, this practical book will help you master the techniques in no time.
