Vivid colored pictures Sturdy cover Book contents: The book is divided into categories The instructions incorporate both pictures and written Each knot is labeled by its names and usage In the beginning of the book it gives you info on material-types of rope strengths Overall I am very happy with this purchase... my husband

was thrilled to have received this and our kiddo (11yrs old) will also be using this book with us.3 of 3 people found the following review helpful. Very Good Knot Book! Love it!!!!!!By DTTCGReally love the layout and detail of this book.Like others have said, the spiral binding makes this a lot easier to use.I tired a couple of other online knot references.... never could get the Figure 8 knot down. This one made it so easy that I got it on the first Try!That doesn't mean I'm not struggling with some of the others, but that's just because I'm a beginner at this I thinkLove it!!!!0 of 0 people found the following review helpful. Book ReviewBy JakedogDecent book but it could use a few more pictorial directions. I need complete information for tying all sorts of knots and this one just has a few under each category. Could be better.

A guide to tying more than 70 of the most useful and dependable knots.
