I'm very pleased with this book.

With well over 100 illustrations and 9 pages of text, this book describes in detail how the lamps of Frank Lloyd Wright were built. Scale drawings and glass patterns of 16 lamps are included. Drawings identify came with cross sectional drawings and manufacturers stock numbers. Glass colors and stock numbers are also indicated on the drawings. The Butterfly Chandelier, double pedestal and two single pedestal lamps and the familiar wall sconce from the Dana-

Thomas House are described in detail. Also included are the bedroom lamp from the Little House (Peoria), the Cheney wall sconce, and the Robie dining room table lamp.
