StrawnI'm 85 years old- and remembered this from my childhood (11 yrs old or so?). So I read it again to learn why it was so memorable.. It is essentially about inner conviction in the face of social ostracism and cynicism ("right thinking") on the part of one's social peers and family. It is about the possibility of the innocence of the young finding a way to confound adult expectation, judgement and conventional pride/corruptionand it is about saintly sacrifice in pursuit of individual dignity. A story of idealism in a never-ending Mideast (really planetary) setting. A book for the young and the reflective young at heart and far better than the super heroes of today's comic book world.1 of 1 people found the following review helpful. Kindle, I would love to by a paper / book copy to have on my bookshelf to pull down and read, over and over again. It is such a great story of the injustice of judging a person who is different, but capable of being strong in their own way.0 of 0 people found the following review helpful.
